Rugby Team Deserves Your Support in Saturday's Game

CALGARY TO FIELD ITS FINEST TEAM IN YEARS

50th Battalion, Fresh From Unexpected But Deserved Victory Over
Eskimos, Confident of Success in Provincial Rugby
Play-off With Varsity

The Fiftieth Battalion team, which plays Varsity on Saturday for the provincial championship, is the strongest team that has represented Calgary since pre-war days. Their players are practically all new to senior rugby, but most of them are graduates of that splendid training school, the Calgary High School Rugby League. Here is a series of thumb-nail sketches of the members of this powerful team.

Archie McTeer, half-back, is a brilliant scion of a great rugby family. Many regard Archie as the best punter in Alberta. He is, furthermore, a fast, tricky runner, and an efficient line-plunger. He weighs about 175 pounds.

Hanna, half-back, is another product of High School rugby. He excels particularly in broken field running. Though quite light, about 155 pounds, he is a very difficult man to stop.

Elder, half-back, is an all-round athlete, who has represented Calgary in other sports. Elder, who was with the Fiftieth last year, is a very fine line-plunger and a clever runner. He weighs about 175 pounds.

Fleming, half-back, was a newcomer to Alberta Senior rugby last year. Since then he has shown himself to be a back-field man of the first water. This year he has especially distinguished himself through a marvellous faculty for deciphering his opponents' signals.

Gordon McTeer, quarter, is Archie's older brother. He comes along to see that Archie is a nice boy, and incidentally to direct the team's field operations and act as captain. He is a punter of merit as well. Gordon weighs nearly 180 pounds.

"Brick" Ellis, middle-wing, is a player from South Calgary High School. He subbed for the Fiftieth last year. Ellis is a real line-plunger, and he weighs about 190 pounds.

Foster, middle-wing, is another new man, who knows his business as a line-man. A good line-bucker and a reliable tackler. His weight is 165 pounds.

McLaren, inside-wing, played for Crescent Heights years ago. He played senior rugby three years ago and returned to the game this year. McLaren weighs 195 pounds.

Dodds, inside wing, is another graduate of High School rugby league. He has been out of the game for some time, but, like his team-mate, returned this year. He weighs about 190 lbs.

Ferguson, centre, is a British rugby player of real merit. He represented Edmonton in that sport against Vancouver two years ago. He is new to the Canadian game, but has entered it with a bang. Ferguson weighs 180 pounds.

Fidler, outside wing, is the tackling demon of the team. He too, learned the game at High School. He was the star of the last game Varsity played against Calgary last year, on which occasion his speed and his ability to intercept passes made him particularly dangerous.

Adams, outside wing, also relieves McTeer at quarter. He played many years of High School rugby, but this is his first year in senior company. "Stew" is light, 145 pounds, but is a speedy runner and a courageous tackler.

"Chief" Davis, outside wing, played three years for Upper Canada College. For the next two years he thrilled Varsity crowds with his spectacular play. His admirers are looking forward to seeing him play once more, though they may feel he is taking his place on the wrong side of the field. Chief weighs 165 pounds.

Daley, line-man, is not the stuff that dreams are made of. He weighs 230 pounds, and is used as a line-bucker.

WAUNEITA RECEPTION FOR MEN ON TUESDAY

"The Wauneitas expect every man this night to do his duty." This is the slogan for next Tuesday night at 7:30 in Convocation Hall, when the members of the Wauneita Society will hold their annual reception for the men. This is to be the first big affair of the fall season, the one and only time when the tables are reversed and girls entertain men. The hostesses will not divulge their plans, but merely say that extensive preparations are under way to make the evening a success. Dancing will probably be the order, however.

It is hoped that every man will respond to the invitation in the slogan, so that a large number of guests may be expected, to make the event a memorable one in this year's social calendar.

Zeigler, outside wing, is also from High School rugby ranks. He played for the Fiftieth last year. Zeigler is an all-round athlete and stars on the basketball floor. His weight is 155 pounds.

Dunc McNeill, half-back, learned rugby at Upper Canada College. Then he came to the U. of A. Dunc has been, and will be, the idol of Varsity fans. Every game he displays new devices for eluding his opponents. His side-stepping, his blinding speed and his straight-arm are a delight to watch. He is, to a Varsity crowd, the most interesting man on the visitors' line-up.

Bill McLeod, outside wing, is from the High School League also. He plays rugby, lacrosse and baseball. This, however, is his first year of senior rugby. He weighs 145 pounds.

Stan Savage, half-back, is one of the heroes of the Eskimo-Calgary series. He is one of the best back-field men in the business, and is probably the greatest drop-kicker in the west. The fact that Stan will play no more rugby this season, owing to an aggravated leg injury, will cause the keenest disappointment to Saturday's crowd.

UNION MEETING

A meeting of the Students' Union has been called for Friday, at 11:30 a.m., at which the budget will be presented. A full attendance is desired, and for this reason all lectures for the hour have been cancelled. A detailed statement of the budget will be found on page 2 of this issue.

SOPHOMORES WIN SWIMMING MEET

Juniors Second—Crockett Gives
Exhibition—Crowded Gallery
Treated to Fine Display

The Varsity inter-class swimming meet held at the "Y" tank last night was a splashing success, with the Sophs carrying, or rather swimming, off with the majority of the honors. The Seniors and Juniors had a nip-and-tuck race for second place, with the latter finally winning out. The final standing of the classes has not yet been determined, but the final count will not alter the standing given above.

The teams trotted out some real talent to represent the classes, and keen competition was evident throughout. The Frosh were forced into the cellar position, but were not disgraced. They put up a game fight and made a very creditable showing in all events they contested, forcing the winners to extend themselves all the way.

For the winning Sophs, Waldo was very much in the limelight, taking first in the fifty yards and fifty foot events and second in the long plunge. McDonald, another Soph, who won this event, made a wonderful dive of 42 feet. Barker garnered in thirteen points, and led the scorers of the third year team, and incidentally tied with Waldo for the individual championship. Ted Gowan led the senior squad in scoring, registering seven points.

(Continued on page 4)

OFFICERS ELECTED FOR WOMEN'S ATHLETICS

Election of officers to fill the vacancies in the Women's Athletic Association, and the proposal of an amendment to the constitution as regards athletic decorations were the most important items of business dealt with by the meeting of the Women's Athletic Association, held Tuesday.

The following officers were elected to the Executive:
Manager Senior Basketball: Marguerite Cooper.
Manager Senior Hockey: Dorothy MacNichol.
Manager House League Basketball: Jean Skene.
First Year Representative: Ursula McLatchie.

The executive was instructed by the meeting to act as a committee to draw up an amendment to the constitution to provide for decorations and rewards for activities under the association.

RUGBY COACH

Jimmie Bill, the director of Varsity's Rugby destiny

GAME AT 2:30 P.M.

The big game on Saturday starts at 2:30 p.m. Be there early, and bring along your Varsity colors. If you have a Varsity sweater and skull cap, be sure to wear them. Song books will come handy and loosen up the old voice, for there is sure going to be some yelling. It has been rumored that the C.O.T.C. band may attend, but they won't be able to make themselves heard.

GREAT VIOLINIST, SKOVGAARD, COMING

The greatest musical treat the University has ever known is billed for Convocation Hall, the eleventh of November, when Skovgaard, the famous Danish violinist, will give a recital.

Skovgaard is one of the foremost violinists of the day, and has captivated audiences wherever he has appeared, including various recitals by command at the royal courts of Europe. He plays a Stradivarius valued at \$15,000.00, and has his right hand insured for \$50,000. This appearance at the University will be without doubt the greatest violin treat Edmonton has ever known.

The artist is being brought to the University under the auspices of the Literary Association, and is the first venture in a new plan of programmes. Varsity students will be given reduced rates and a special selection of seats, but after a fixed date the seat sale will be thrown open to the public. Keep open the evening of November 11th for this musical treat.

DR. COLLIP SPEAKER AT PHILOSOPHICAL SOCIETY

Dr. J. B. Collip, professor of biochemistry and co-discoverer of insulin, will be the speaker at the public meeting of the Philosophical Society, to be held in Convocation Hall, Wednesday next, October 29, at 8:15 p.m. Dr. Collip's subject will be "Present Tendencies in Medical Research."

The public, and especially the members of the student body, are cordially invited to be present.

NO GATEWAY NEXT WEEK

In all probability the next issue of The Gateway will not appear until Wednesday, November 5th, unless news of sufficient importance to necessitate an earlier issue appears.

SUNDAY SERVICE

The Rev. Dr. Brown, of McDougall Church, will be the speaker at the Sunday service in Convocation Hall.

VARSITY READY FOR GRID FRAY

Three Weeks' Grind Has Put
Green and Gold Warriors
in Perfect Trim

WELL-BALANCED MACHINE

Alberta Should Tear Holes in
50th Line—Rogers and Piper
Strong Backfield Combination

That the Varsity grid stars will be able to repeat their victory of last year over the 50th Battalion team at the stadium on Saturday is a matter of speculation, but that they will give the Calgary warriors an ardent battle for honors is certain.

The line-up given below shows that almost without exception the Varsity twelve consists of experienced men who had already won their spurs as pigskin artists before this season opened. Furthermore, the daily grinds of the past three weeks have woven them into a team which should work like a well-organized machine.

The line-up:
H. O'Brien, centre.
Terry Agnew, inside wing.
"Wink" Potter, inside wing.
Walter Selnes, middle wing.
"Red" McLaren, middle wing.
Wilf Backman, line half.
L. B. Thompson, line half.
Ross Henderson, quarter back.
Ken Rogers, half-back.
Lawrence Piper, half-back.
Joe O'Brien or Mutchmore, end wing.
C. S. Bisset, end wing.

The Offensive

The Varsity team is well balanced for offensive play. Selnes and McLaren, star line plungers, should be the equals of Miles Palmer, the Eskimo phenom, in his best days, and superior to any line smashers that Calgary can boast of. Potter and Agnew can also be relied on as an effective relief force for these two men.

Piper and Rogers, as halves, combine speed and cool judgment with a thorough knowledge of the game. Piper is reported as fast as Leppard, last year's star, and superior to him when it comes to running back the ball and deceiving opposing tacklers. Rogers is a methodical player, the equal of "Dunc" McNeil in picking the elusive holes through the opponents' line.

It is doubtful whether Varsity has a punter the match of Calgary's flash, Archie McTeer, but Henderson, Piper and Rogers are all effective kickers, who can be depended on to give Calgary a battle in this department of the game.

Coach Bill, always up to the minute on the latest developments in the science of the game, has developed an effective variety of signals intermingled with enough fake plays to deceive the most sage of Calgary's grid veterans. He has also stressed more than in former years a system of interference play, similar to that used with such good effect in the past by such eastern teams as Queens.

Varsity on Defensive
The Varsity line, combining weight and ability with experience, can be fully relied on to hold off the 50th line plungers. Calgary's running plays will no doubt present more difficulty, but not really so much as was first supposed when Davis' absence left a huge hole at one wing. Mutchmore, former end of the nifty Saskawanna outfit, has proved a most effective player for this vacancy, and should be able to participate in Saturday's game. O'Brien will prove a reliable substitute. Furthermore, Piper and Rogers are both sure catches in the back-field, and Calgary wing men will not have the opportunity of scooping up loose balls that they did in the last memorable Eskimo-50th fray.

VARSITY TO PRESENT FORMIDABLE LINE-UP

Alberta's Chances in Provincial Rugby Play-off Appear Very
Bright From Perusal of Team's Personnel
—All Experienced Players

What promises to be the most interesting grid battle in the history of the University will take place on Saturday, October 25th, when Varsity meets the Calgary 50th Battalion team, in the first of two battles to decide the provincial rugby championship.

Though Coach Bill remains warily silent about his hopefuls, there is no doubt that Alberta will field a formidable team, while the 50th, fresh from their conquest of the former champions, the Eskimos, will hear of nothing but victory.

That they will have a real battle on their hands is evident from the analysis of Alberta's roster, given below.

Walter Selnes—Selnes, at middle wing, is the heaviest man on the team, tipping the beam at two hundred pounds. Our big blonde made his rugby debut with the Varsity seniors in the fall of '21, and is looked upon by the critical as the ideal line man, since he not only has weight and speed, but hits the line like a "tank" of war time days. Alberta's rugby devotees are looking to Selnes and his co-worker, McLaren, to tear holes through the Calgary defence.

"Red" McLaren—"Red," at middle wing, is another player who has all the requisites to qualify him for "the majors" of rugby. He combines brains and brawn in his play, and exercises his athletic instinct equally well in basketball, football and the weight events of the track. But rugby is the supreme motive in "Red's" mind now, and when on Saturday he faces the boys with whom he learned the game in Calgary a few years back, he will doubtless show them what a university training can do towards making a high-class rugby player.

Herb O'Brien — Herb, a centre man who carries some 180 pounds, is a newcomer fresh from the pack trails of the Peace river country. He

also has worries in connection with the stock-judging trials, and will be very much in the game on Saturday.

Joe O'Brien—Joe O'Brien, Varsity's new husky end man, has a wealth of speed and weight to aid him in toppling Calgary's shifty running full-backs. Joe has always carried a "jinx" in the past, and owing to injuries sustained early in the season, has not during the past two years been able to play senior rugby. He is this year making up for lost opportunities, and will on Saturday have a chance to warm up his fighting Irish instincts or Calgary runners.

C. S. Bisset—"Biss" has perhaps the longest rugby record of any man on the team, he having played for Varsity before he left for France to mow down Heinies. Bisset is an end "par excellence," who excels at getting down under the kicks and nailing the runner in his tracks. His experience should also be invaluable in fathoming Calgary's running plays.

Ross Henderson—Coach Bill could have made no happier choice than that of Henderson to fill the big hole left by Jack McAllister, Alberta's veteran quarter-back, who graduated last year. Hendy, a raw recruit in 1922, has by hard work and sheer ability attained to the honor of captain of the senior team. His coolness and past experience should stand him in good stead when at quarter he will direct the movements of the whole playing Varsity machine. The solid backing of players and fans is with Hendy for the fray Saturday.

Terry Agnew—Terry, at inside wing, is an invaluable man, combining as he does weight and strength with a thorough knowledge of the game. This is Terry's third year in senior company, and should be his best. Furthermore, when "inside back" is called, he can always be depended on to tear through the opponents' line for a substantial gain.

Ken Rogers—To the followers of Varsity sport Ken needs no introduction. Although a new student of our fair institution of learning this fall, he has already represented the gold and green on the track and tennis teams. Rugby, as played south of the border, is not a new game to Rogers, as he has seen service as quarter for Baltimore Tech. for several seasons. This experience will stand him in good stead on Saturday when he takes up his position in the back-field against the 50th. Combine this with his ability to pick holes for line-plungers and his educated toe, and you have a back-field man that is a treat for any coach to see.

Lawrence Piper—Piper is a recruit from the freshman ranks, who received his initial training at South Calgary Hi where they turn out finished products of the grid. Lawrence put in his apprenticeship as a punter, and was of no little assistance in bringing a brace of championships to the Hi. Coach Bill is now grooming the shifty speed artist to take a position on the back-field against his home crew.

William "Wink" Potter is another Freshie, and a product of Calgary grids. Wink is a line-man, and we don't mean maybe. Two years with C.C.I. and two with the Calgary Y as an intermediate make up this boys' record, who is breaking into senior company this season for the first time.

Mutchmore is another stranger who is making a bid for fast company. "Mutch" hails from Saskatoon, where he held down a wing position on the champion Saskawanas for a couple of years. Mutch is one of the lightest men of the squad, but a sure and hard tackler, and if he recovers from his recent injuries in time will wreck many of the famous end runs of the southern squad.

Jim Mahaffy—Jim is another Calgary Hi product bidding for a place in the big game. He played with Crescent Heights for three seasons, then did his stuff for the inter-faculty league as a member of the Com-Law aggregation. Mahaffy is a real runner, a good tackler and makes quite a pastime of trying drop kicks.

Laverty at centre, Lefersud and Primrose at inside and McDougall and Mueller as middles, make up Coach Bill's roster of second choice linemen. Each one is a dependable player who can be relied upon should any of Varsity's first string men be listed as casualties.

Bob Mitchell and Clarence Campbell, as line halves, and Jim Mahaffy at quarter have all been showing up

(Continued on page four)

CAPTAIN

Ross Henderson, Quarter

is an all-round athlete — baseball pitcher, senior hockey player and crack swimmer, and though he has never played rugby before promises to be a real find with his speed and tackling ability. O'Brien will get his acid test on Saturday when he matches himself against Ferguson, Calgary's wily centre, but Varsity supporters feel sure that his excellent showing in practices he will carry off the laurels.

Wilf Backman—Wilf, as line-half, excels equally well in the Canadian and English game, and is not only a deadly tackler, but has an uncanny ability at foreseeing his opponents' next move. Wilf plays conscientiously and steadily, and his presence on the half-line inspires confidence in Varsity rooters.

L. B. Thomson — "L. B.," who pairs with Backman on secondary defence displays an equal ability in crashing opposing line plungers to earth. He also first gained fame in English rugby, and this summer captained the Edmonton all-star team in their match against Vancouver. "L.B." was warned by his doctor, on account of injuries sustained last year, to stay out of the game, but he has forgotten not only that, but

SATURDAY'S LINE-UP

The following is the probable line-up of the two teams for Saturday's game. The Varsity second team will be on the bench as subs.

CALGARY (50th Batt.)		VARSITY	
Ferguson.....	Centre	H. O'Brien	
McLaren.....	Insides	Agnew	
Dodds.....		Potter	
Foster.....	Middles	Selnes	
Ellis.....		McLaren	
Fleming.....	Line halves	Backman	
Elder.....		Thompson	
G. McTeer.....	Quarter	Henderson (Capt.)	
Archie McTeer.....	Half backs	Rogers	
Hanna.....		Piper	
Fidler.....	Ends	Joe O'Brien	
Adams.....		Bisset	

Calgary Subs.—Chief Davis, Daley, Zeigler, Dunc McNeill, Bill McLeod, Patterson.

Varsity Subs.—Laverty, Lefersud, Primrose, McDougall, Mueller, Mitchell, Campbell, Mahaffy, Runge, K. McKenzie, D. P. Macdonald, Morris.

SATURDAY A RED-LETTER DAY

On Saturday Alberta will have its best opportunity probably throughout the whole term of giving a real display of Varsity spirit. Our rugby team is entered in a two-game series with Calgary for the provincial championship. While our chances of winning are problematical in view of the fact that the team has not been seen in action yet this year, we do know that as in the past they will acquit themselves with credit to themselves, their coach, and their Alma Mater. They therefore deserve the heartiest support of every student of this institution, all the more so as they are up against an older and more experienced team. The backing and encouragement which they receive Saturday may be the means of deciding the issue. Let it never be said that they failed for want of that support. Let Saturday go down in the annals of the University as an example of what can be accomplished by organized rooting and enthusiastic support. It is up to the officers of the Rugby Club, Athletic Association and Rooters Club to leave no stone unturned to see that it does.

PROMINENCE TO ATHLETICS

It should hardly seem necessary that The Gateway should have to justify its action in giving so much prominence to athletics in these last two numbers, nevertheless criticisms of this policy have been heard, and we hasten to correct any misunderstanding which may have arisen.

In the first place, it is our firm belief that the two athletic events featured in these issues have deserved all the prominence they received. The University Track Meet comes to Alberta but once in every three or four years, and it was our privilege this year to entertain the representatives of the three sister universities, so that it was an important occasion for us. Our chances at the meet this year were better than ever before, and the team needed all the support it could get, and we felt that it was our duty to do what we could to give them that. The second event is the rugby play-off with the 50th Battalion team of Calgary for the provincial championship. Our men have been training faithfully, and will give of their best at the game Saturday. Their chances of winning this important game are reasonably good. Surely the least we can do is to show that we appreciate their work and are solidly behind them in their efforts to win. The columns of this paper are one of the best mediums of accomplishing this.

A second and even more important reason is found in the fact that Varsity spirit is not what it should be, and is badly in need of a revivification. How better can this be done than by getting the students out to support the Varsity teams? It is the duty of The Gateway to do what it can to assist in this respect in every way within its power, and we are convinced that we have adopted the best method of doing this.

THE INTER-VARSITY TRACK MEET

The Inter-Varsity Track Meet has come and gone, and Varsity can pride itself upon the excellent way in which everything was carried out. To no one is greater credit due than to Mr. Osterland, the President of the Track Club. He worked very hard to make the meet a success, and he accomplished his purpose.

While Manitoba has again emerged victorious it was by a reduced margin this time, and Alberta can look forward with confidence to the meet next year in Winnipeg. We have good material here, and it seems a pity that our men should be deprived of the services of a good trainer. Until, however, they have such a trainer, it is useless to look for victory over the systematically trained Manitoba men. It is to be hoped that the necessary money can be found before another year to give our athletes the advantage of this very necessary coaching.

Alberta was glad to welcome the representatives of all three universities, particularly those from British Columbia. The latter are now members of the W.C.I.A.U., and a new and important tie has been formed uniting the four Western Canadian institutions. The U.B.C. men showed that they have excellent material, and the other three universities are indebted to them for their contribution to the success of the meet.

THE BUDGET

The annual budget which is to be presented at the Students' Union Friday merits the careful consideration of every member of the Union. Every full time student at the University pays a seven dollar fee, and it is the fund formed by these fees which is disposed of by the budget to the various student organizations. It is consequently the duty of every student taxpayer to carefully scrutinize the disposition of this money, and to assure himself that it is to be spent in accordance with what he considers to be the legitimate needs of the various branches of the Union. It is the students money which is being spent, and they should not hesitate to criticize, and if they think it necessary reject the budget as presented by the Council. It should be remembered that an amendment in any particular to the budget carries with it its rejection "in toto", and this would mean that the whole budget would be referred back to the Council for further consideration. The principle is an old

Postgraduate Physics I.

If it takes a man a fortnight to work a week, how many apples are there in a barrel of grapes?

If a locomotive travels up a river at sixty miles per pound from Calgary to Edmonton, will it ever return? If so, why? How many wave-lengths of steam will be needed to split the engine in two, if the front and rear wheels are made to rotate in equal and opposite directions?

Murray: "You are a girl whom I envy."
Madge: "Oh, really? How is that?"
Murray: "You can kiss your chum whenever you like. I can't."

Not That Kind of a Girl

Nielson, in Property 1: "Let us consider this case. Suppose Percy Davies to put a hundred dollar bill in Stan Ross' pocket and Ross refused to give it up. What would you think of such a case, Mitchell?"
Bob: "Knowing Mr. Davies, I'd say it was a case for Ponoka."

Nature Study

Bum, regarding unshaded window of fair Pembinito: "That girl's not a bit shy, is she?"
Another Med.: "Well, not exactly—but she's certainly retiring."

In a Pickle

There was a young lady named Perkins,
Who loved to eat pickled gherkins;
She ate a whole quart,
Which she really hadn't ought,
And pickled her internal workings.

Take Warning

Ods bodikins and by my hallowed dome, 'tis tough to hurl two cubits of bull with a black eye, a knee out of kilter, six floating ribs and two loose cuspidors. No, call 'em molars, the other sounds like expectorations, somehow. Yes, mah jong done it.

Slander, b'Gosh!

Piper, at dinner: "Why the loss of appetite, Toughy?"
Fraser: "Oh, I was just thinking, that's all."
Piper: "So that's why your appetite is so good usually."

One-Handed Driving

Cars may speed along Jasper, but they go awful slow across the darkest part of the High Level.

one that the financial control should be in the hands of the parent body, and the meeting on Friday should feel absolutely free to express its disapproval if it so wishes. It should, however, of course, bear in mind that the members of the Council have given budget their closest study in the full light of the more intimate acquaintance with the financial situation. They are presenting it now in the conscientious belief that it is the fairest and most satisfactory allotment of the funds that it is possible for them to make under the circumstances. Hence, while constructive criticism is invited by the Council, hasty and ill-considered amendments would not serve the best interests of student government.

An analysis of the budget shows that, at the present time at any rate, there is not as much money available for student purposes as last year. This has necessitated a general reduction in estimates, and as a consequence some of the organizations have had to seriously curtail their programmes for the year. The grants to the Mandolin and Baseball clubs have been entirely cut out. This was quite a proper cut, and will not result in any serious loss to the students, as the former is a very small organization, while the latter, for all practical purposes, is non-existent. Rugby and basketball have taken serious cuts, and unless the funds of these clubs are recouped from the late fees their programmes will suffer considerably. The Rugby club will be unable to make its trip to Saskatoon and the Basketball club will be forced to confine its activities to the city league. The Women's Athletic Association also has taken a cut which may mean that the trips planned for the hockey or basketball teams will have to be dropped, unless the money can be raised in some other way.

It would be hard to point to a place in the budget where money is being uselessly spent, or where proper provision for the future has not been made. It would, however, seem that with the Oxford debate next month and the inter-varsity debate in February, that \$60 is an extremely conservative estimate of the income for the Debating Society. There is every reason to believe that a good profit will be made from the first debate, and as the activities of the Literary Association have not been curtailed to any appreciable extent it would be good business to know in what way this Association intend to spend any profit which may result from the debate. It is also hard to see why the Boxing and Wrestling club should need \$250 to carry on their work, when rugby and basketball have had to suffer to the extent that they have.

These are but minor criticisms which an explanation from those officers concerned would probably clear up satisfactorily, but which nevertheless should not be permitted to go unexplained. Aside from these, the budget seems quite satisfactory under the financial circumstances, and should receive the sanction of the Union.

APROPOS

Almost two weeks have elapsed since the seating plan for the dining hall was drawn up, and still the students are at a loss to know where they are expected to sit at breakfast. It would take but a moment for the House Committee to make an announcement that would clear up the whole matter.

Ross Henderson, the Sporting Editor, has been temporarily deprived of some of his rightful authority. All rugby write-ups in this issue were handled by the regular staff.

NEW STUDENTS ENLIST
IN REPORTORIAL WORK

In response to a request of the Editor-in-Chief of The Gateway, about thirty new students attended a meeting last Monday in Room 135, Arts Building. These students are those who, on their registration forms, professed some newspaper experience and signified willingness to assist in similar work at Varsity. Some promising talent was discovered, and an excellent reportorial staff is assured for the year's work.

The meeting was addressed by the Editor-in-Chief, who outlined the organization of the paper, explained what was expected of the reporters, and pointed out the value, particularly to a new student, of Gateway work. The members of the newspaper staff also spoke to the meeting. Each student will, in due course, be given an opportunity to assist in Gateway work, and each is reminded that it is from the ranks of this year's reporters that next year's staff will be chosen. At the same time, it must be pointed out, Freshmen are not alone eligible for this work, and applications from students of other years will be welcomed.

FACULTY RUGBY TO START OCT. 24

Executive Chosen and Six-Game
Schedule Arranged—First
Game Friday

ARTS AND MEDS IN OPENER

Teams Evenly Matched and Keen
Fight Anticipated From Start
to Finish

At a meeting of the Inter-faculty Rugby League held Monday evening it was decided to play a schedule of six games this year, the two leading teams at the end of this time to play a two-game total point series for the championship. The executive of the inter-faculty league is composed of the President of Athletics, Slippy Barclay, President of Rugby, Mike Krause, and four managers chosen from the four competing teams. These managers are: Co-Law, Hank Gale; Arts, Jack Lehman; Agsci, Mel Gale; and Pharmedents, Nate Flater. This executive will have complete control of the league, settling all disputes and having the final decision on all protests. It was decided that a team shall consist of eighteen players to be registered with the president of rugby prior to the first game.

The schedule drawn up is as follows:
Agsci vs Com-Law, Wednesday, October 22.
Meds vs Arts, Friday, October 24.
Law-Com vs Meds, Wednesday, October 29.
Arts vs Agsci, Friday, October 31.
Com-Law vs Arts, Wednesday, November 4.
Agsci vs Meds, Friday, November 6.
The first game scheduled for Wednesday between Agsci and Com-Law has been postponed till the Saturday that the senior squad plays in Calgary, Nov. 1st.

In order that the league may be an unqualified success, it is necessary that all games start at the scheduled hour. The executive will not tolerate any fighting, swearing or illegal play, and any infringements of the above will be severely dealt with. With the whole-hearted co-operation of the players, there is no reason why the inter-faculty league should not be an unqualified success. The teams are all evenly matched, and the league should be bitterly contested to the end.

CHALLENGE CUP FOR GIRL HOOP ARTISTS

Trophy Given by Mr. Race For
Western Universities Women's
Basketball

At the annual meeting of the Western Canada Intercollegiate Athletic Union a letter was read from Mr. Race, of the University of Alberta, offering to present a cup for competition between the girls' basketball teams of the western universities. Mr. Race left all stipulations regarding contests for the cup in the hands of the executive of the W.C.I.A.U., but expressed the wish that the Alberta Women's Basketball team be given possession of the cup in consideration of the fact that they had remained undefeated in their tour of Western Canada last year. This was thought advisable by the members present, and a vote of thanks was moved for Mr. Race.

The rules governing the cup were then drawn up, and are as follows:
(1) The cup is to be held on a challenge basis with all games to be played on the grounds of the defending team.

(2) One or two games are to be played, with total points to count.
(3) All arrangements for games are to be made through the corresponding secretaries of the W.C.I.A.U.

(4) No permanent ownership.
The reason that the cup was placed on a challenge basis by the executive was to reduce travelling and financial expenses to a minimum. The cup is now in possession of the University of Alberta's Ladies' Basketball team, and will be challenged for this coming winter. A long felt want has now been removed through Mr. Race's generosity, and no doubt ladies' basketball will be placed on a more competitive basis.

OPINIONS OF THE MEET

Dr. McEachran: "Very successful from all points."

Dr. J. G. Davidson, of the U.B.C.: "Delighted with everything, weather and competitions. Hope to be back with a full team next year."

Dr. H. W. Gordon, of University of Saskatchewan: "Very well pleased with everything, but particularly the spirit of good feeling and co-operation."

Dr. Halpenny, of University of Manitoba: "Was pleased with everything."

Mr. Race: "The ideal weather put records within reach, and the contestants took full advantage of their opportunities with the result that spirited competition marked every event, and the whole meet was probably the finest yet held under the auspices of the W.C.I.A.U."

In the final of the 100 yard dash two races were run. The first attempt was ordered to be run over on account of a bad start. Cohen, of Manitoba, was easily the class of this field, and had little trouble winning both finals.

Nine Records Shattered Out of Sixteen Events

Aubrey Bright Wins Grand Aggregate—Breaks Two Records—
Manitoba Repeats For Fifth Consecutive Time—All Pole
Vaulters Break Record

Fighting before the stiffest opposition they have yet encountered the track team of the University of Manitoba repeated their performance of the past four years at the fifth annual intercollegiate track meet held last Saturday at the South Side Athletic Park, and gathered together a total of sixty-two points, sufficient to give them a commanding lead over the other three western universities in the struggle for possession of the Cairns Cup emblematic of the Western Intercollegiate championship. Alberta was second with 41 points, followed closely by Saskatchewan with 40 and British Columbia with 30. The meet was the most successful ever held, and with a typical Alberta sun shining down records were broken like peanut shells at a circus. To gain first place the athletes from the East were forced to break records in six of the sixteen events, while Alberta broke two and Saskatchewan

Aubrey Bright, who captured the individual championship at the track meet.

one, making a total of nine new records. New records were established in the 100, 220 and 440 yard dashes, the half mile, 120 yard high hurdles, pole vault, shot put, discus and relay. Every event was bitterly contested, and from the closeness of the score the contest was a thriller from beginning to end. Further interest was stimulated by the return of the B.C. track team, who competed for the first time last year, and although ineligible for the Cairns Cup competition on account of not being members of the W.C.I.A.U., returned to share the honors in the individual events.

The feature performance of the day was the work of Aubrey Bright, the big boy of the University of Alberta's track team, who captured first place in the discus, shot put and javelin and third in the hammer throw to give him a total of sixteen points, enough to win the grand aggregate of the meet. To win the aggregate Bright was forced to break both the intercollegiate and provincial record in the discus with his magnificent throw of 120ft. 4in., against his former intercollegiate record of 119ft. 11in., and to put the shot 37ft. 2½in., breaking the former record established in 1920 by Dunbar of Saskatchewan by 6½ in. Bright by far outshone his performance of last year, and with a little scientific coaching should go a long way towards Dominion honors.

It rested with Cohen, the fleet-footed flash of Manitoba, however, to supply the real thrill of the day when he romped home an easy winner in both the 100 and 220 yard dashes, establishing records in both by doing the century in 10 1-5 and in running the 220 in 22 seconds against a former record of 10 2-5, flat in both the second heat and the final heat. The last time is exceptionally fast, averaging exactly 10 yards per second, and clipping 1 3-5 seconds off the former record.

Fred Russell, a freshman from the Hat, established his name on Alberta's hall of fame by copping first place in the broad jump and the high jump. In the broad event Russell made a beautiful leap of 21ft. 1½in., just 2¼in. behind the record established in 1920 by Van Vleet.

For real surprises the pole vault was the most outstanding event, all five contestants bettering the old intercollegiate record of 10ft. ½in. But the real glory of the event fell to Hutcheson, the Saskatchewan athlete, when he cleared a height of 10ft. 9½in., 9½in. better than the former record. This was a remarkable jump, and will probably stand for years to come.

The three-mile event was also a sensation, Graham, of Manitoba, leading all the way to the home stretch, when Stark, a youngster from Saskatchewan, proved his real worth by sprinting the final 100 yards to win the event by about five feet. It was a tough loss for Graham, but all

credit must be given to Stark, who allowed Graham to tire himself by setting the pace, and then lose out in the final 100 yards.

Nielsen, the crack Manitoba hurdler, did some real work for his team by easily annexing first place in the final of the 120 high hurdles, and in so doing established a new record of 17 seconds flat. Nielsen had tough luck in the morning events, when in the first heat of the 220 low hurdles he stumbled and fell into one of the hurdles while holding a lead of 20 feet. It was indeed unfortunate, as the Manitoba crack had the event cinched, and besides being unfortunate was also painful, as he suffered painful bruises from the cinder track. Nielsen, however, demonstrated his ability and worth to his team by taking first in the 120 hurdles and second place in the discus.

Many other thrills were provided, particularly in the mile, when Cormack, running for Alberta, turned the event into a comedy by coming down the stretch fully 100 yards ahead of his nearest rival; by Murray, of Manitoba, who did the half in 2:03 flat to establish a new record, and by the Manitoba relay team who reduced the half mile Western Intercollegiate record to 1:36 flat.

The success of the meet was largely due to the capable and efficient work of the officials in charge. Special credit is due to the starter of the runs, Mr. G. R. Jackson, who acted in a very efficient manner; to the timers, Dr. Campbell, Mr. Morrison and Mr. Ash; to the field judges, Dr. Sheldon and Mr. McLeod; to the track judges, Dean Howes, Dr. McEachran, Mr. West, Dr. Halpenny, Dr. Davidson and Dr. Gordon. Dr. Hardy acted as referee of the meet, and along with Mr. Race and Mr. Drummond, who were the official scorers, kept all events well in hand. Mr. Mike Krause, as clerk of the course, kept all events progressing lively, and Mr. Joe O'Brien kept the spectators constantly in touch with the proceedings by aid of his megaphone.

The complete results of the meet are as follows:

220 yard hurdles—1st heat, Warren S, 1st; Lawsen M, 2nd; Crawford A, 3rd; time, 28 4-5 secs. Second heat: Henry, B.C., 1st; Wallace S, 2nd; Nielsen M, 3rd; time, 29 secs. Final: Lawsen M, 1st; Henry, B.C., 2nd; Young S, 3rd; Warren S, 4th; time, 29 1-5 secs.

Shot Put—Bright A, 1st, 37ft. 2½in.; Nicholson S, 2nd, 34ft. 8in.; Nielsen M, 3rd, 33ft. 3½in.

220 Yard Dash—First heat: Cohen M, 1st; Lundy A, 2nd; Madden S, 3rd; time, 22 flat. Second heat: Warren, B.C., 1st; McRae A, 2nd; Nicholson S, 3rd; time, 23 1-5. Final heat: Cohen M, 1st; Warren, B.C., 2nd; Lundy A, 3rd; Madden S, 4th; time, 22 secs. flat.

Half Mile—Murray M, 1st; Mottley, B.C., 2nd; McLeod M, 3rd; Potter S, 4th; time, 2:03.

100 Yard Dash—First heat: Asseltine M, 1st; Russell A, 2nd; Thompson, B.C., 3rd; Madden S, 4th; time,

AN APPRECIATION

As everyone knows, the Inter- varsity track meet held last Saturday was the most successful event of its kind ever carried off in these parts. The overwhelming success was due almost entirely to the untiring efforts of the President of the Track Club, Mr. Cliff Osterland. Cliff left no stone unturned to make to meet a success, and The Gateway on behalf of the students wishes to express an appreciation for the good work done. The meet will long be remembered both by ourselves and our visitors, and too much credit cannot be given to our genial president.

E. W. Cormack, the winner of the mile run, trainer of the team, and new vice-president of the W.C.I.A.U.

Neilsen M, 2nd, 109ft. 10in.; Ramsdell, B.C., 3rd, 105ft. 1in.; Nicholson S, 4th, 104ft. 8½in.

One Mile—Cormack A, 1st; Mottley, B.C., 2nd; Murray M, 3rd; Douglas S, 4th; time, 4:41.

Pole Vault—Hutcheson S, 1st, 10ft. 9½in.; McLeod M, and Henry, B.C., tied for second place; Demidoff, B.C., and Crawford A, tied for third place.

Javelin—1st, Bright A, 127ft. 5½in.; 2nd, W. Slominski S, 122ft. 10½in.; 3rd, F. Slominski S, 120ft. 5in.

Three Mile—1st, Stark, S.; 2nd, Graham M.; 3rd, Barker A.; time, 16:39.

Half Mile Relay—1st, Manitoba; 2nd, Saskatchewan; 3rd, Alberta; time, 1:36 secs.

High Jump—1st Russell A, 5ft. 3½in.; 2nd, Hutcheson S, 5ft. 2½in.; 3rd, Crawford A, 5ft. ½in.

VARSITY DEFEATED IN TENNIS TOURNAMENT

**Saskatchewan Team Victorious—
Alexander and Race Won
Their Singles**

Five brilliant victories won for the University of Saskatchewan the Inter-Varsity Tennis Championship on Friday at the University courts. The boys from the eastern prairies won both their singles matches and their one doubles match. The Saskatchewan girls dropped both their singles matches, but rallied to win their doubles, and the two universities each won one mixed doubles event. The result was disappointing to the large crowd of spectators which was lined up two-deep around the courts, but all seemed to recognize that the Saskatchewan representatives fully deserved their victory.

The feature match of the day was undoubtedly that between Davidson, of Saskatchewan, and Rogers, Alberta star. The superior stroke equipment of the Alberta man was more than negated by the brainy attack and invincible coolness of his opponent. Davidson, realizing that the chief danger of the Albertan's attack lay in his brilliant driving and mighty overhead smashing, kept his shots scrupulously low and extremely well-placed. The result was that Rogers was compelled to abandon his drives for less effective chop-strokes. Though the score in each set was the same (6-3), the second set was by far the most interesting, when both players showed some scintillating work at the net, and Rogers' spectacular recoveries kept everyone gasping.

McMillan won with comparative ease from Watt's, Alberta's representative, the scores being 6-0, 6-1. The victor played a game of remarkable steadiness; he did not serve a double fault throughout the whole match. Watts had an off-day in his driving, the strong cross-wind seriously affecting his style of play.

The men's doubles match was replete with the thrills that accompany hard driving, accurate volleying and flashy net play. The Saskatchewan boys had more system in their play, and time after time caught their opponents out of position. Superior teamwork was the large factor in their victory. Rogers and Watts had a clear advantage in the service, but their opponents excelled in their skilful placements.

Miss Marjorie Race (Alberta) drove her way to a well-earned victory over Miss Switzer, of Saskatchewan. The latter player proved herself a skilful volleyer, and the possessor of a remarkably strong backhand shot. Her drive was fully as hard as that of Miss Race, but it was not so carefully placed and consequently often represented wasted effort. Miss Switzer forced the match to a third set, however, before she

acknowledged defeat, and her brilliant come-back in the second set was the feature of the match. The scores were 6-4, 2-6, 6-1.

Miss Alexander was responsible for another of Alberta's victories, when she defeated Miss Clarke in another three set match (6-4, 2-6, 6-3). The winner was as cool as an iceberg; she played her shots with care and precision, and, when the opportunity presented itself, made use of a very effective net kill. Her opponent displayed some very fine strokes, including a reliable backhand, but was rather too erratic to withstand Miss Alexander's steady attack.

The two Saskatchewan girls, however, had ample revenge when they defeated the Alberta girls in the doubles. This was another three set match, 6-3, 6-8, 6-3. Better team play and more accurate volleying largely explain their victory. It was, however, a hard match throughout.

The honors in the two mixed double events were divided by the two universities. Miss Alexander and Watts were victors over Miss Clarke and McMillan, but Miss Polkins and Rogers succumbed to Miss Switzer and Davidson. These matches were productive of much excellent play, but a very strong head wind (the matches were played in the morning) lifted many a lob a few inches too far, carried many a passing shot a few inches on the wrong side of the tape, and converted more than one intended lob into an easy net kill.

WESTERN ATHLETIC EXECUTIVE MEETS

**W.C.I.A.U. Elect New Officers—
J. L. McLeod, Manitoba, New
President—E. Cormack,
Alta., Vice-Pres.**

The annual meeting of the executive of the Western Canada Intercollegiate Athletic Union was held Saturday evening after the annual track meet, when representatives of the four western universities gathered together to formulate plans for the forthcoming year.

The first business of the meeting was the election of a new slate of officers. Although it was Alberta's turn to elect a president, a precedent was established by electing a president from Manitoba. This was due to the fact that the next track meet is to be held in Winnipeg, and it was thought advisable to have a president who would be able to arrange for the present president of men's athletics success of the meet. J. L. McLeod, at the University of Manitoba, was the unanimous choice of the meeting as the next president of the W.C.I.A.U. Other officers elected were as follows:

Hon. President: President Klinck, of the U.B.C.
Vice-President: E. W. Cormack, Alberta.
Sec.-Treasurer: W. A. Kennedy, Manitoba.

Corresponding Secretary and Saskatchewan Representative: R. E. Potter.

Following the election of officers Dr. J. G. Davidson, of the University of B.C., gave a short address on B.C.'s position in men's athletics. He realized the isolated position of B.C., and also the danger of linking up with athletics from the south. The boys, he said, had made the trip realizing their unfortunate position in not being able to compete for the Cairns Cup, but merely to stimulate a Canadian spirit in sport of the U.B.C., and also for personal honor. In closing, he formally made application for entrance of the University into the W.C.I.A.U. This was unanimously adopted, and to encourage B.C. participation in Western Canada sport a resolution was read and passed giving the U.B.C. a chance to challenge at any time for a championship cup. The winners of such a series are to be termed Western University champions, and winners without B.C. participating to be known as Prairie University champions.

Eric Cormack, of Alberta, then introduced a motion making the maximum amount of fees to be paid by each entrant \$15. In the past a fee of \$5 had been levied, and all administration expenses over and above were to be divided among the three universities. This puts no limit on expenses, and they were unusually high.

The meeting also decided that all entertainment for visiting athletes would be a purely personal, and private matter to be paid for by the home university and not to be deducted from the guarantee.

A proposed schedule of guarantees was drawn up which, however, is subject to changes agreed to by the competing parties. The schedule merely gives the opinion of the meeting as to approximate guarantees:

Rugby	\$300
Men's Basketball	200
Soccer	150
Girls' Basketball	50
Girls' Hockey	50
Tennis	40

Arrangements were completed for several teams to travel, and it was decided that the University of Saskatchewan soccer team would visit Alberta on or near Nov. 1st; that the Alberta hockey team would travel to Saskatoon and Manitoba on dates to be arranged prior to Nov. 15th, and that the men's basketball team from the University of Manitoba would travel to Saskatoon and Edmonton during the first week of February.

The delegates present at the meeting were:
Manitoba—Dr. Halpenny, J. L. McLeod and W. A. Kennedy.
Saskatchewan—Professor Gordon, R. E. Potter and J. Nicholson.
Alberta—Dr. McEachern, C. D. Osterland and E. W. Cormack.
B.C.—Dr. J. G. Davidson.

ADVERTISING IN THE GATEWAY BRINGS RESULTS

MR. SAVOYE SPEAKS AT FRENCH CLUB

The first meeting of the French Club was held on Wednesday, Oct. 22. After the usual tea hour Mr. Sonet outlined the program for the coming year. It is proposed to have only five over-town speakers, the other seven meetings to be taken by the students. This plan promises to be a very happy one.

M. de Savoye then gave us a very interesting and very realistic paper on Napoleon during the campaign of 1814. Napoleon, he said, had never shown his wonderful gifts as fully as he did in this campaign. With 72,000 men he fought for two months against 250,000 enemies, marching on Paris. Within five days he won four victories over Blucher; three days after he began another series of three victories over Swartzenburg. So it continued, but finally, overwhelmed by numbers, he had to abdicate. Louis XVIII was appointed king, and the great Emperor left for Elba. He was most cruelly hurt, not by his defeat, but by the desertion of his generals, whom he had loved. For though he had many imperfections he had a noble heart. But he had broken many hearts; the law of eternal compensation said that his should be broken also. Yet it is through the suffering and misfortunes that crowned his last years that Napoleon became greater and more glorious.

PSYCHOLOGY AND PUBLIC SPEAKING

**Dr. Macdonald Is Speaker at
First Meeting of Debating
Society**

That versatility, obtained by steady application and perseverance, is essential for success as a public speaker was the contention of Dr. John Macdonald, assistant professor of psychology, at a record-breaking meeting of the Debating Society on Monday, October 20, in the Arts building. Dr. Macdonald's subject was "The Psychology of Public Speaking," and by the use of familiar experiences in the illustration of his address, and occasional touches of characteristic humor Professor Macdonald retained the closest attention of his audience throughout the whole course of his remarks.

He began by remarking the tendency of present-day speakers to apply the title "The Psychology of a Thing" to a speech when they really mean to describe the "thing" itself, not the intellectual processes connected therewith. Happily, he dealt with some of the psychological aspects of public-speaking as well as with some of the more practical aspects.

Among the latter, he mentioned some qualities of the person who can become the greatest public speaker. He must be able to acquire sound opinions and to impart them clearly to his fellows; he must be versatile, having sound argument in debate, and a lighter variety of talk for after-dinner parties; and above all, he must conquer any tendency to extreme display either of his self-asserting or self-subjecting instinct. No man who is excessively shy or excessively arrogant will ever be an accomplished orator.

Dr. Macdonald also contended that the way of the would-be orator was more difficult than that of the would-be elocutionist or dramatist, as he must cultivate not only his own methods of speech and delivery, but also his own methods of thought. Thus the orator cannot say with the poet, the famous Latin dictum "Nascor, non fio" (I am born, not made).

He, then, mentioned three or four elements which are essential to public-speaking, but which must not be over-done. Humor and ridicule may very well be introduced; the former to break suspense or to be in accord with light-hearted occasions, and the latter to reduce in a pleasant manner the prestige of a too well-favored opponent. Neither, however, must be carried to the extreme. Again, a fine strong dictum is desirable, but the orator must never indulge in flowery language. To attain to a fine sense of language one must refer to the manuscript at first, and come to rely on it less and less as he becomes more experienced.

In conclusion, Dr. Macdonald urged that although a budding orator might at some time make a terrible blunder, he should not be discouraged, as many men at first lacking in fluency (often because their sound reasoning diverted them) had become famous speakers.

The business part of the meeting was brief. Mr. Johns, the president of the Society, welcomed the members, and explained to them the purpose of the club, viz., to foster and develop the art of public-speaking. He also exhorted all members to begin boosting for a large turnout at the debate between Varsity and Oxford on November 21. It was decided to elect a treasurer to fill the vacancy made by the non-return of Mr. K. D. McArthur at the next meeting, the chief business of which will be a discussion of the present political situation in Great Britain.

NOTES ON THE MEET

We were pleased to welcome back our old friend, Jack Buchanan, who returned as trainer of the B.C. team. When not catering to the whims of the boys, Jack was busy most of the day renewing old acquaintances. The land of the sun appealed to him more than ever, but from appearances the moisture has made the old-time trainer look as young as he ever did. Jack has high hopes of returning next year when his team will be eligible for the Cairns Cup competition.

After Saturday's performance Aubrey says he is going to marry some small girl so she will have something to look up to — yes, in more ways than one.

In the high jump event Crawford, of Alberta, and Lawson, of Manitoba, tied for third place. In the

CHURCHES LACK IN CHRISTIAN VALUES

**Says Dr. Ernest Thomas, of
Toronto, at Last Sunday
Service**

Dr. Ernest Thomas, of Toronto, was the speaker at Convocation Hall last Sunday. He based his sermon on a story from Genesis 26, 17 and 18. We see from this story how successive generations make the same mistakes and pass through the same experiences. The wandering tribe of which Isaac was leader found it increasingly difficult to secure water. At first there was strife and enmity between the permanent inhabitants of the land and this wandering tribe. But we see that soon common-sense and toleration replace the original strife.

When a different outlook on life is revealed, it is first challenged and strongly resisted. But later we come to a stage of toleration of the idea, and then it is not long until we see its active incorporation in our lives. This means that orthodoxy always wins out, and it is in the best interests of the world that this should be so. The method is, however, peculiar. At first we have active unbelief, but as the idea spreads we soon begin to accept it, and it is not long until we feel as though we had believed it all our lives. John Wesley told the people all forms of life had a common origin. This idea has passed through the various stages until we have now reached a point of toleration, and the most intelligent people now believe there is a relationship between all the details of the universe.

In the churches today we have a belief in morality, but a lack of any true Christian values. We should get back to a quest of God, and to the real purpose of life. It is only then that we will come to our richest insight into life.

jump-off Crawford cleared 5 ft. 4 in. to win third place.

In the dashes Alberta was represented by a newcomer named Lundy. For his first year in senior sports this youngster did remarkably well, and we look for fine work from him in the meet next year.

Henry and Warren, two stars of the B.C. team certainly put up fine performances, and can be relied upon as sure point scorers for the next meet.

CUPS OF TEA AND OTHER THINGS

During the visit of the inter-varsity track teams, Miss Madge Clarke and Miss Evelyn Switzer, who were the lady representatives of the University of Saskatchewan in the tennis tournament, were guests at Pembina.

Miss Eleanor Williams was a week-end visitor at Lacombe.

Camrose claimed Miss Verna Graham as its guest for the past week-end.

Miss Gerry Alexander motored to Calgary last Friday.

The visiting track teams were the guests of honor at an informal tea

SOPHOMORES WIN SWIMMING MEET

(Continued from Page 1)

In the girls' events, Miss Quick took a first in the open hundred-foot dash, with Miss Wood second and Miss Coone third. Miss Harold won the girls' diving, and Miss Wood the Varsity girls' fifty-foot dash.

The thanks of the committee in charge of the meet are tendered to all who assisted as judges and timers, and especially to Mr. Crockett, who, aside from acting as clerk of the meet and starter, gave a very interesting exhibition of fancy and trick swimming. Mr. Crockett holds several championships, and his illustrations of the crawl, overarm, and double overarm were very much appreciated, to say nothing of his imitation of a gramophone, which was very clever and amusing.

The results and events were:

100 yards (men)—1st, Barker (Jr.); 2nd, Marland (Jr.); 3rd, Clarke (S); time, 1:27.
50 yards (men)—1st, Waldo (S); 2nd, Revell (F); 3rd, Malcomson (Jr.); time, 33.
Long plunge (men)—1st, McDonald (S); 2nd, Waldo (S); 3rd, Gowan (Sr.); distance, 42 feet.
50 feet (men)—1st, Waldo (S); 2nd, Gowan (Sr.); 3rd, Malcomson (Jr.); time, 9 4-5.
50 feet (ladies)—1st, Miss Wood; 2nd, Miss Coone; 3rd, Miss Cornelle; time, 14 4-5.

50 yards breast stroke (men)—1st, McDonald (S); 2nd, J. Thompson (S); 3rd, Willis (F).
150 yards (men)—1st, L. B. Thompson (Sr.); 2nd, Barker (Jr.); Marland (Jr.); time, 2:23.

Girls' exhibition (100 feet)—1st, Miss Quick; 2nd, Miss Wood; 3rd, Miss Coone.

Neat plunge (men)—1st, Cornwall (F); 2nd, Gowan; 3rd, J. Thompson.

VARITY PRESENTS FORMIDABLE LINEUP

(Continued from Page 1)
well in practices, and will be ready to enter Saturday's battle at any time.

Runge and MacKenzie are the understudies of Rogers and Piper at half, while Pat Morris and D. P. Macdonald are demon tacklers who may get a chance to show their wares as end wings.

If Cormack can run like he did with a partly broken ankle, we'd hate to see him have both ankles broken.

Novelty speed diving race—1st, Barker (Jr.); 2nd, Gowan (Sr.)
Relay race, 200 feet—1st, Sophomores; 2nd, Seniors; 3rd, Freshmen; time, 41 4-5.
Girls' diving (open)—1st, Miss Harold; 2nd, Miss Wood; 3rd, Miss Roberts.
